

GRIMZOO STARTER GUIDE

FIRST STEPS: HELPING A LOVED ONE

Gathering someone's first memory, in a twenty-minute session.

1**GET THEIR CONSENT**

Explain what you're doing, and who will be able to read it.

2**OPEN THEIR GRIMOIRE**

In their name, with their year of birth.

3**A FIRESIDE CHAT FOR TWO**

The person tells, you hold the screen.

4**BRING THE FAMILY IN**

A loved one adds to it, without creating an account.

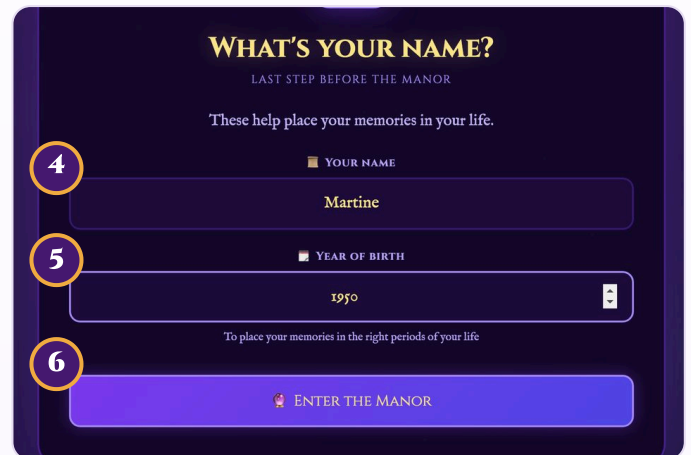

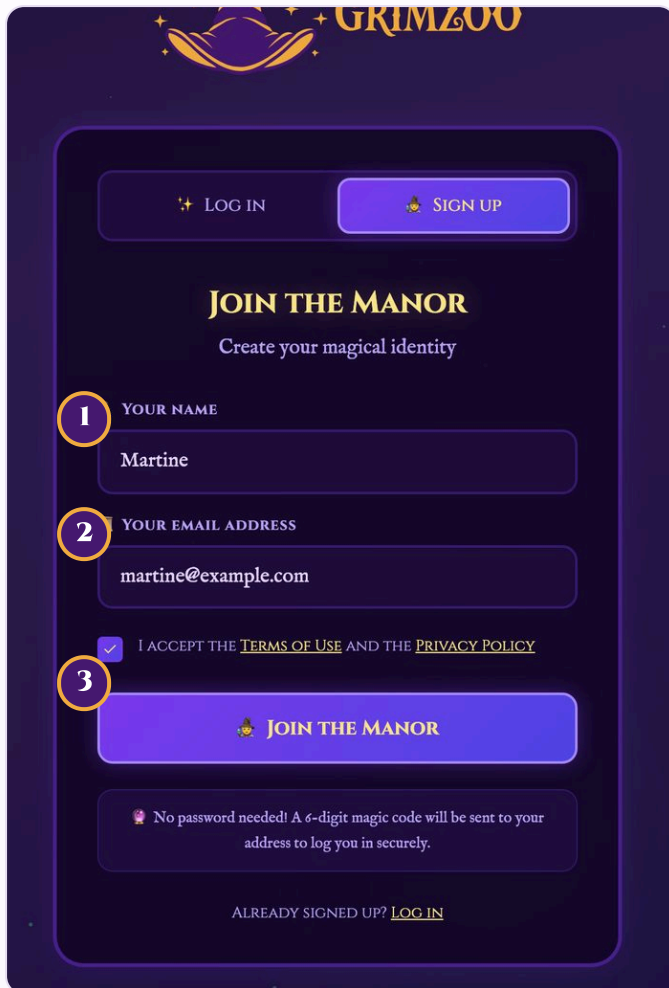

WHAT YOU NEED

- A computer or a tablet, with internet, at grimzoo.com.
- An email address: the person's, or yours. One Grimoire per address.
- A quiet place, an old photo within reach.
- No medical information: Grimzoo isn't a care tool.

STEP 1

OPEN THE GRIMOIRE IN THEIR NAME

On grimzoo.com, “Get started”, the Sign up tab, then the code you get by email.

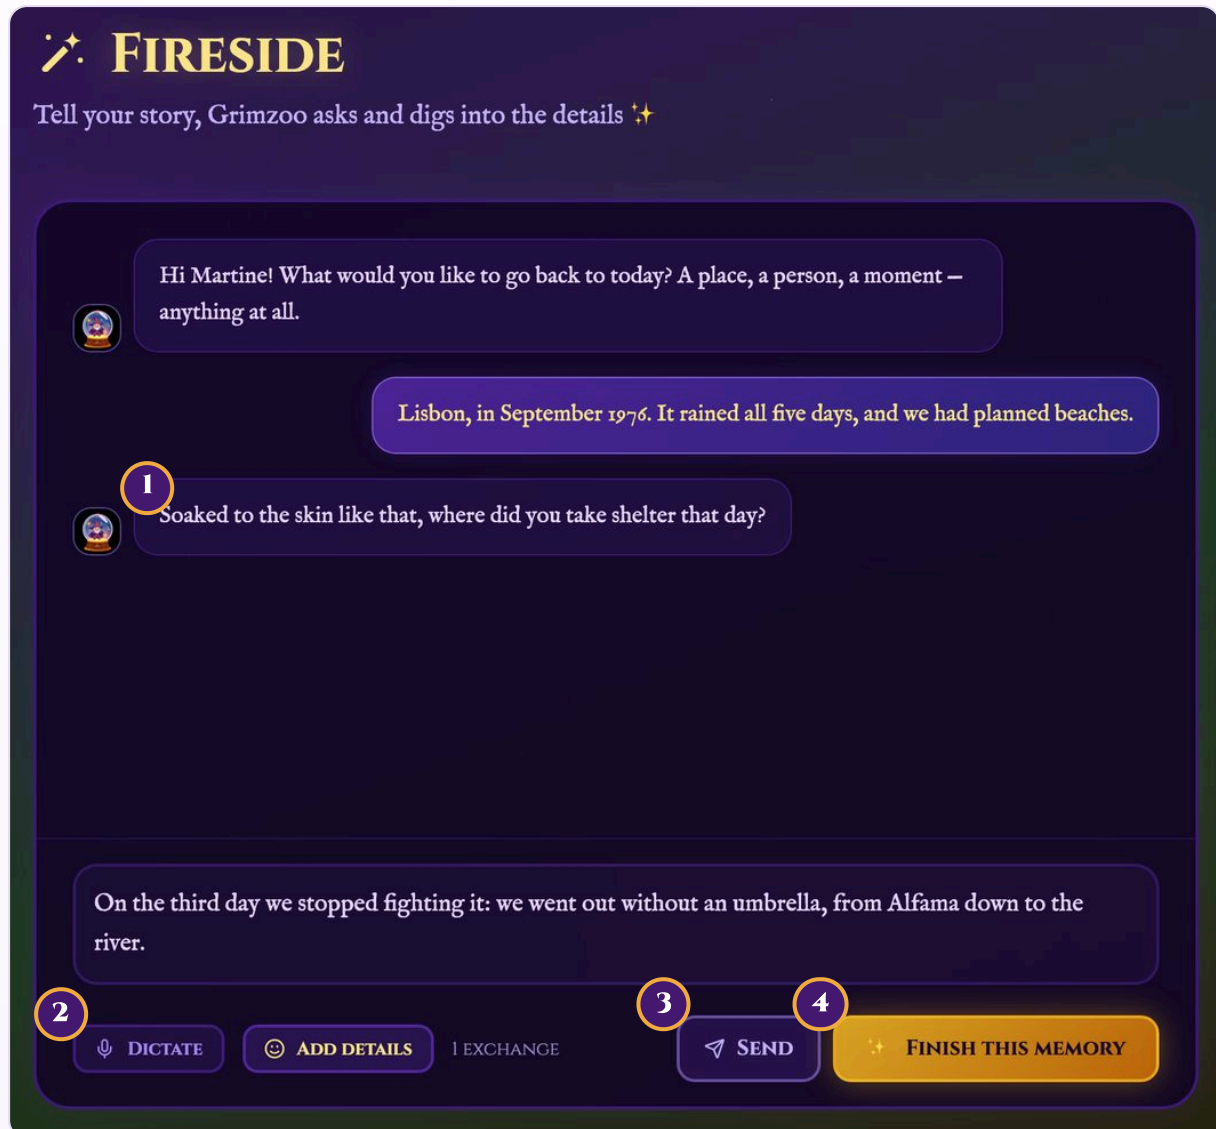

- 1 Their first name.
- 2 Their address, or yours.
- 3 Join the Manor, then copy in the code you receive.
- 4 Their first name, again.
- 5 Their year of birth.
- 6 Enter the Manor. Then accept AI: it drives the Fireside follow-up questions.

STEP 2

A FIRESIDE CHAT FOR TWO

In the menu, Quill, then Fireside.

- 1 Read Grimzoo's question aloud.
- 2 Click Dictate: the person speaks, the text writes itself.
- 3 Send: Grimzoo asks a new question.
- 4 Finish this memory: the story is written up neatly and saved.

DURING THE SESSION

Give it time: a silence isn't a failure. Don't correct dates or names during the story; check afterwards.

OR ELSE

STARTING FROM A PHOTO

On the Manor, Tell a photo's story, then choose the photo.

1 The photo stays on screen: the person looks at it while telling.

- Answer Grimzoo's questions as in a Fireside chat.

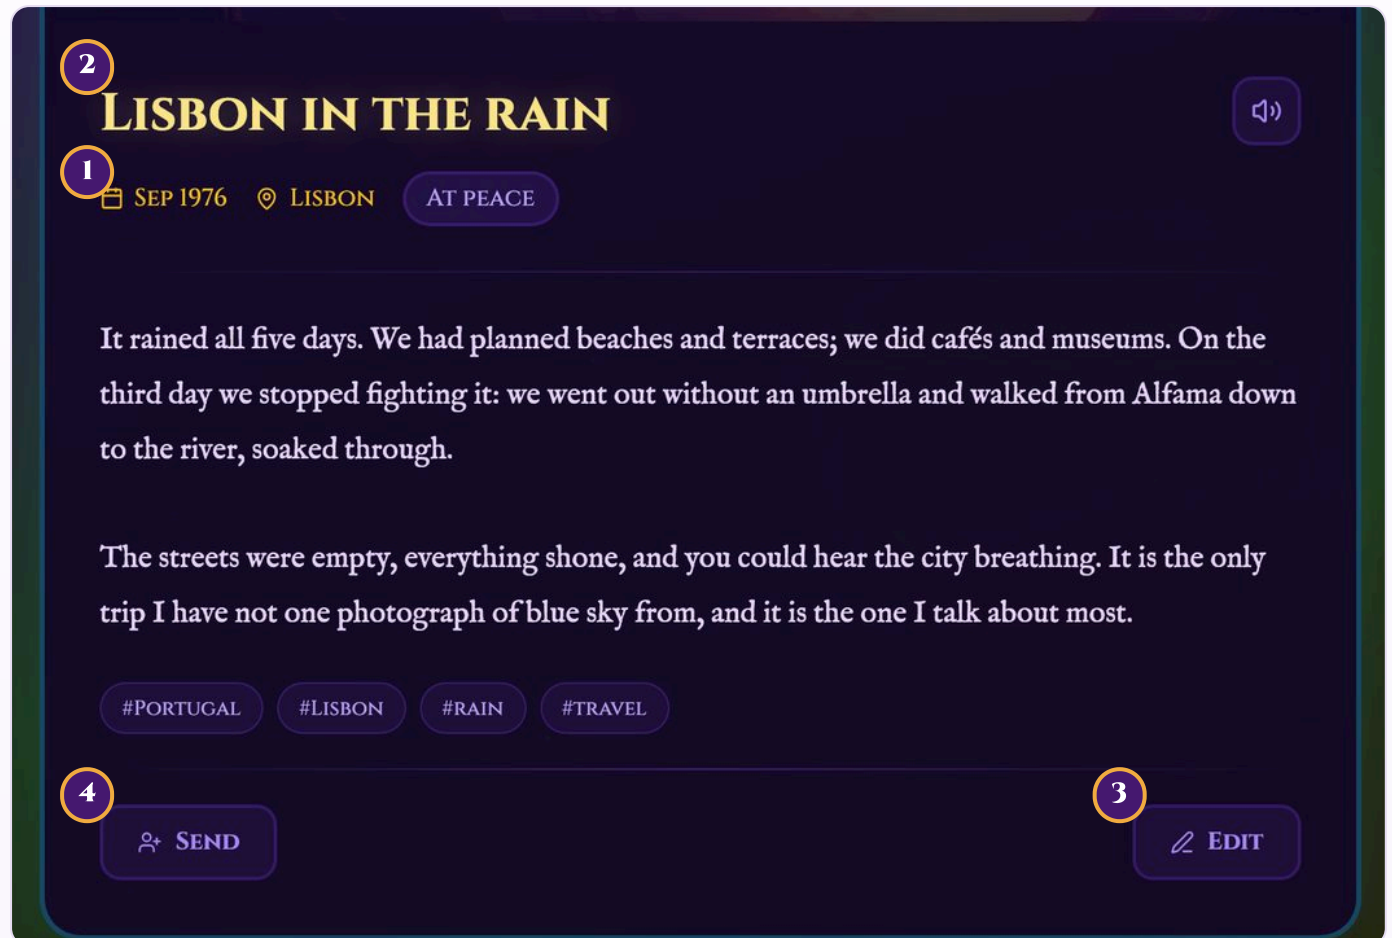

GOOD TO KNOW

A photo, an object or a song often wakes memories better than a question.

STEP 3

REREAD AND COMPLETE

In Grimoire, open the memory: this is its page.

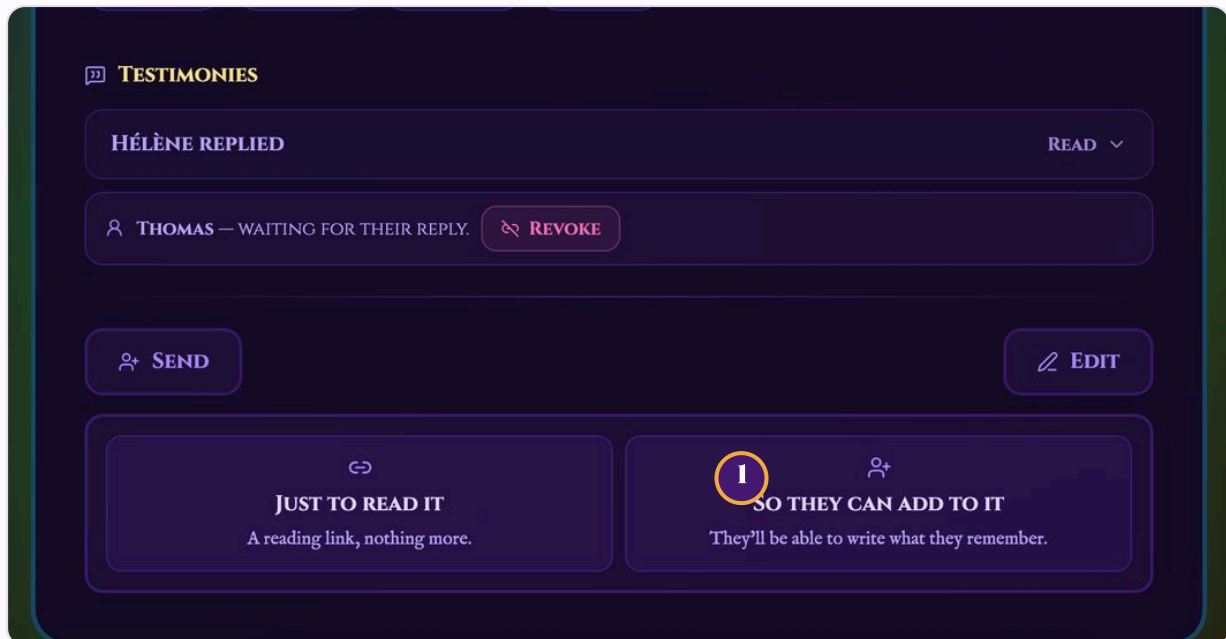

- 1 Check the date with the person.
- 2 The place.
- 3 Edit: correct a word, add a photo or the person's voice.
- 4 Send: bring a loved one in (next page).

STEP 4

BRING THE FAMILY IN

On the memory's page, Send, then "So they can add to it".

- 1 Choose So they can add to it.
- 2 Type the loved one's first name.
- 3 Create the link, then send it by text message, WhatsApp or email. The loved one writes what they remember, with no account.

AND THEN

Sharing the Grimoire with the whole family, making a Life Book, importing a recorded interview: it's all in the Complete guide. A question: pierre@abecedia.com.
